Biodegradable Glue Recipe

Ingredients
- 1 Cup Flour
- 1 1/2 Cup Water
- 1/3 Cup Sugar
- 1 tsp. white vinegar

Instructions
1. Mix flour & sugar in sauce pan.
2. Add 1/2 of the water and mix into thick paste without clumps.
3. Pour in remaining water and mix until smooth.
4. Add 1 tsp. white vinegar on medium heat, stir until mixture thickens.
5. Cool and then transfer to a jar with lid or airtight container.

Will keep for a few days or can be stored in refrigerator up to 6 months..

You can add a drop of essential oil (cinnamon, anise, peppermint etc) if you want to improve the scent.

This glue will take time to set up and dry but the bond is strong.
